Ringkasan

I'm a fresh graduate with a Bachelor of Applied Science in Midwifery from Universitas Padjadjaran. During university, I gained hands-on experience through clinical internships, research, student organizations, and event management, which helped me develop strong skills in teamwork, communication, leadership, program coordination, and administration. I am proficient in Microsoft Office, Google Workspace, Canva, and basic SPSS, and I'm eager to grow professionally and contribute in healthcare, administration, project management, and communications.
